## PARIS WOMAN FATALLY BURNED WHILE ON A VISIT

While visiting at the home of her mother, Mrs. Charles Barnett, near Taylorsville, in Spencer county, Mrs. Mabel Frank, widow of the late B. A. Frank, of Paris, was badly burned about the lower part of the body, with results which later proved fatal.

Mrs. Frank rose a little earlier than usual Wednesday morning, and was standing before an open grate fire, preparatory to dressing. A slight gust of wind from a slightly opened window caught the edge of her night dress and blew it into the flames. In an instant the light fabric was a mass of flames, which almost entirely enveloped the unfortunate woman in its fiery embrace. She ran screaming to the door, trying to rid herself of the flaming garment, and called wildly for help. Mr. and Mrs. Barnett, hearing the frenzied cries for help, ran to her room, and succeeded in wrapping her in heavy rugs and smothered the flames, but not until the whole lower portion of her body had been horribly burned and her hair burned from her head. Physicians were summoned, and Mrs. Frank's burns were given first aid treatment and such other treatment as might tend to mitigate her sufferings, which were excruciating in the extreme.

Efforts were made to get her taken to the Norton Infirmary at Louisville, but this institution was too crowded, and she was made as comfortable as possible under the circumstances. Telephone messages were sent to relatives and physicians at Paris, apprising them of the distressing happening, and other messages asked if it were possible to bring Mrs. Frank to the Massie Hospital in this city. But after a consultation of the physicians it was deemed best that she should remain at her mother's home, until the full extent of her injuries could be determined. Yesterday messages stated that the physicians were fearful she had inhaled some of the flames, and her father, Mr. James M. Russell, accompanied by Dr. Chas. G. Daugherty and Mrs. Macie White Fithian, left in an automobile for the Barnett home.

Late yesterday afternoon Mr. Robert Frank received a message from the Barnett home at Taylorsville, stating that Mrs. Frank died about a half-hour previous to sending the message, and that her death relieved her intense suffering. The J. T. Hinton Company ambulance left for Taylorsville to bring the body to her old home in this city. Mrs. Frank's son, Mr. Russell Frank, who is in Florida, was apprised of his mother's death, and will reach Paris as soon as possible. He is the only survivor of the household, being the only child of Mr. and Mrs. Frank.

Some months ago Mrs. Frank's husband, Mr. Burton A. Frank, senior member of the Frank & Co. department store, died suddenly at his home, from an attack of acute indigestion. He had attended the Lexington races the day previous and coming home that night, had supper at Stout's Cafe with a party of friends. During the early hours of the morning he was seized with an attack of acute indigestion and expired a short time after medical aid had reached him. Mrs. Frank is a sister of Mrs. Charles Wilmoth, of Paris, and Mrs. John M. Barnes, of Mt. Sterling. She has a wide circle of friends and acquaintances, not alone in Paris and Bourbon county, but throughout Central Kentucky, all of whom were shocked by news of the unfortunate accident.

## COUNTY AND CITY OFFICERS ENFORCING DOG LAW

It used to be, "Look Out For The Dog Catcher," but now it's "BeWARE of the city and county officers if your dog is untaxed and unlicensed." Sheriff McClintock warns the public that when an unlicensed dog is found on a man's property, the owner, under the law, is liable to arrest on the charge of harboring such a dog, and that his instructions from the Court are to bring in both dog and the man, which, he says, will be strictly enforced.

## VALENTINE PARTY

One of the most delightful of the pre-Valentine Day celebrations, was the Valentine party given in the parlors of the Baptist church by the young people of the church. The festivities began at 7:30 o'clock, with a good-sized crowd of young people in attendance. Music, games and a general good time furnished a program that filled in enjoyable hours for the participants. Refreshments were served. Everyone attending brought with him or her a valentine, comic or sentimental, which was arranged, in one display, and afterward turned over to the one whose name appeared on the back of the missives. No admission fee was charged, it being a purely social feature for the young people and their friends.

## IN THE SERVICE OF THEIR COUNTRY

Private Harold Shropshire, a member of the Bourbon county draft contingent, who has been in France with the 325th Field Artillery, 84th Division, American Expeditionary Force, has arrived at Camp Taylor, awaiting his final discharge papers. He will return to his home near Centerville, and take up his interrupted farm duties.

Lieut. Rogers Moore, formerly of Paris, who has been in the service in an army camp near San Antonio, Tex., is in Lexington as a guest of his aunt, Mrs. J. Ernest Cassidy, of East Maxwell street. Lieut. Moore was in the aviation branch of the service. He is a son of Mr. Thos. E. Moore, Jr., formerly County Attorney of Bourbon county, now a resident of Hazard.

Sergt. Newsom Keller arrived in Paris, Monday, from Pigeon Point, near Wilmington, Delaware, where he has been stationed in the service of Uncle Sam, in special work. He will remain in Paris a short time, having received his final discharge papers, and will later go to Texas, where his brother, George Keller, is in the oil business. Sergt. Keller was one of the first Bourbon county boys to enlist in the service, and was sent to the Texan-Mexican border with the Kentucky troops. When his command was incorporated in the Field Signal Corps, Sergt. Keller accompanied them to Camp Shelby, near Hattiesburg, remaining there until he was transferred to an Eastern camp and then to the Pigeon Point camp.

## PATROLMAN FIRES ON OUT-OF-TOWN SPEEDERS

While making his rounds about midnight Wednesday, Patrolman Robert Lusk spotted a speeding machine without headlights bowling down Main street at a merry clip. The officer drew back into the shadow of a telephone pole and awaited developments. The machine came on with unslackened speed. Seeing there was no prospect of halting or stopping the machine, the patrolman fired one shot in the air to warn them, but the machine seemed to take on more speed and fairly flew down the incline at the foot of Main street. Patrolman Lusk was of the opinion the machine contained a bunch of negro bootleggers and a quantity of whisky destined for Carlisle or some other seaport. He says the next one will get a bullet in the tires or some other place.

## KENTUCKY RACE TRACK MERGER FINALLY EFFECTED

Spring racing dates at Douglas Park, one of the important racing plants of the country, will be cancelled and nine days added to the spring meeting at Churchill Downs, its sister track at Louisville, where both the Kentucky Handicap and the Derby will be run.

This announcement was made by Charles F. Grainger, president of the new Louisville Jockey Club who also said that at a conference the proposed merger of race tracks in Louisville, Latonia and Lexington finally had been accomplished. The tracks, it was stated, has passed under the control of a syndicate largely composed of Kentuckians.

The Derby, it was announced, will carry \$20,000, and the Kentucky Handicap \$10,000 in added money, while the total added money for all stakes will be \$19,000. The meeting will begin May 10, when the Derby will be run and will continue for nineteen days.

## BUST OF JUDGE PRYOR UNVEILED AT FRANKFORT

With the whole court sitting and the Appellate Court bar and audience chamber filled, the bronze bust of the late Chief Justice William Samuel Pryor, for twenty-six years a member of the court, was unveiled shortly before noon Tuesday, at Frankfort.

Judge Alex. P. Humphrey, of Louisville, presented the bust in behalf of the bar of the State. It was accepted for the Commonwealth by Gov. Stanley and for the court by Chief Justice Carroll. Present in the court room were Judge Pryor's children, Mrs. Joanna P. Castlemann and Robert Pryor, of Louisville; Samuel and William Pryor, Mrs. Mary Sanford and Mrs. Owen Carroll, of New Castle; James Pryor, of Lexington, and several of his grandchildren.

## NATURAL GAS REGULATIONS HAVEN'T BEEN CANCELLED

The fuel administration's natural gas regulations were not cancelled by the order suspending prices and other restrictions on coal and coke effective February 7. This announcement was made by Administrator Garfield to clear up an apparent misapprehension in some quarters.

Everything is in readiness for the memorial mass meeting to be held at the Paris Grand Opera House next Sunday afternoon, February 16, for the purpose of perfecting plans for raising the necessary funds for the proposed soldiers' memorial in this county.

The principal address of the occasion will be delivered by Rev. J. B. Bush of Lexington, one of the best-known and most eloquent ministers in Central Kentucky, who has spoken in Paris before and proved his ability. Local speakers will also address the audience, which it is expected, will be one of the largest that has gathered for a similar purpose in this city for many months.

Preceding the meeting, which has been set for 2:30 o'clock, the Liberty Drum and Bugle Corps will form in line and parade Main street, returning to the Opera House. The doors of the Opera House will be opened at two o'clock. ## BOURBON SHERIFF MAKES FINAL SETTLEMENT WITH STATE

Deputy Sheriff Ollie Marshall has returned from an official visit to Frankfort, where he went as representative of Sheriff Wm. G. McClintock. Mr. Marshall's visit to the capital was for the purpose of making the final settlement with Auditor of State Robert L. Green, for the county's taxes. A little over \$100,000 was paid into the State Treasury by Sheriff McClintock, who received a quietus from the State for the amount. Bourbon county was the forty-seventh county to make final and complete settlement of this kind. Sheriff McClintock also paid into the county treasury approximately \$135,000, settlement for which will be made in a few days with the committee appointed by the Fiscal Court for that purpose.

Two games at the Y. M. C. A. are scheduled for next week, to be played on Friday night, February 21, at 7:30 o'clock. These will be between the girls' and boys' teams of the Maysville High School and the Paris High School. ## TOBACCO MARKET.

The Independent House held a good sale yesterday when a total of 100,000 pounds of the weed went under the auctioneer's hammer at an average of \$74.80. This is considered to be one of the best sales held on the local market. The quality of the offering was very good, and the buyers went after it strong.

A total of 72,990 pounds of tobacco was disposed of at the sale held yesterday by the Bourbon Tobacco Warehouse Company. This quantity of the weed brought a total in money amounting to \$40,026.42, making an average of \$54.83. The quality of the offerings was poor. The grade prices were strong. Some of the best crop averages follow:

Letton & Carter, 3,560 pounds, average \$67.68.  
Collins & Taul, 1,325 pounds, average \$60.12.  
Chambrelain & Garrett, 2,090 pounds, average \$40.39.

Ardery & Gross, 1,595 pounds, average \$58.36.  
Ardery & Porter, 2,175 pounds, average \$43.99.  
T. W. Current, 3,290 pounds, average \$57.00.  
Harney & Faulkner, 1,645 pounds, average \$47.41.

The Paris tobacco market was strong Wednesday, with an upward tendency in prices. The quality of the offerings is improving, and the market is higher than at any time during the season, with competition strong and active. Neither the pinhooker or the small broker have much of a chance, owing to the active bidding of the buyers representing the big tobacco manufacturers, and every basket disposed of reaches the limit of the high dollar. Paris is still maintaining its lead as one of the best tobacco markets in the State and will continue to do so as long as these good prices are realized, and the growers and handlers get the same kind of fair and equitable treatment they are getting here at the local warehouses.

The Bourbon Tobacco Warehouse Company sold Wednesday morning at their sale a total of 48,525 pounds of tobacco for a money value of \$26,244.32, an average of \$54.08. The best average of the day's sale was \$76.22, brought by a crop of 4,610 pounds grown by Kilkey & Pence. Some of the best crop averages follow:

Ritchie & Son, 2,365 pounds, average \$31.42.  
George Small, 965 pounds, average \$43.68.  
Caldwell & Taylor, 2,375 pounds, average \$72.07.  
John J. Rice, 3,475 pounds, average \$56.31.  
Gilkey & Pence, 4,610 pounds, average \$76.22.  
Weathers & Shroat, 1,870 pounds, average \$64.77.  
Griffith Sisters & Caswell, 1,625 pounds, average \$58.37.  
Judy & Lee, 1,655 pounds, average \$48.04.  
John Taul, 2,655 pounds, average \$68.10.  
Simms & Witt, 12,085 pounds, average \$61.10.  
Bedford & Webb, 3,255 pounds, average \$59.18.

At the Fayette Tobacco Warehouse in Lexington, Wednesday, Taylor & Day, of this county, sold a crop of 5,830 pounds of tobacco for an average of \$61.97. At the Independent Warehouse, in the same city, Brooks & Snapp, of Bourbon, sold a crop of 15,040 pounds of tobacco for an average of \$79.00. At same warehouse, Grimes & Charles J. Doyle, of Bourbon county, sold a crop of 6,845 pounds of tobacco for an average of \$70.44.

The company will use the ground in making wagon roads to the warehouses, and for other purposes.

Mr. Roscoe Carmichael, purchased of Mr. William Burden, through the Paris Realty Co., a tract of sixteen acres of land, with improvements, located on the Clintonville pike, near Paris, for a private price. Possession will be given on March 1.

One was sold to Mr. James Connell, another to Mr. E. Fleming and the third to Mr. Matt Lair.

## EDITORIAL MUSINGS.

### Gone Are the Days.

"What has become of the old-fashioned custom of sending valentines?" we heard asked of a Paris woman the other day. Has it really gone the way of other little courtesies that young men once showed to the little misses who wore their hair in plaits down their backs?

Can you not see the big lacey missive, with its cupid and hearts, that hung in the show windows of the book stores and the drug store? How we wanted it for HER the moment you saw it and how you saved up your pennies until you had enough to buy it. You addressed it to her, printing her name in large, scrawling letters on the envelope, and then for fear your effort might make her doubt the sender might really be successful, you put your initials down in the corner of the valentine itself. Valentine's Day was a day of real excitement when you were a kid, but along with the other wonderful intervals of childhood it has gone, and you wonder if young people really have the thrills to-day that you had in your youth.

Of course they do, but the valentines somehow are different. If you don't believe it just take a look at them in the windows of Paris stores. They are cold, cardboard affairs that stand and smirk at you with no sentiment to them at all. Nothing like the gorgeous lacey filmy things that took the money you had been saving to buy marbles. To-day the only valentine that really causes a thrill is a crisp five dollar bill or a bunch of fine flowers right from the florists. As we grow older we come to realize more and more that the best things were the illusions of our childhood.

## LETTER FROM PARISIAN IN WASHINGTON CITY.

Mr. Jesse C. Owens, of Paris, recently connected with the M. J. Murphy Transfer Co., and later with the Cumberland Telephone Co., orders THE NEWS sent to him at Washington, D. C., where he is now stationed. In his letter to THE NEWS Mr. Owens says, in part:

"This is sure some swell city, and there is so much to see and such opportunity to learn something that one hardly knows what to see first. As I hope to be here permanently, I suppose there will be plenty of time to see a great deal of the Capital of the nation. I have a good position with the War Risk Insurance Bureau, and like the work very much. There is a move on foot to allow all Federal employees a bonus of \$360 a year, which we hope to get by July 1. Of course we hope it will come, as living expenses are very high here. A new building is being completed for the special purpose of housing all branches of the War Risk Insurance Bureau, and we expect to be moved to it by the first of March. I have been transferred twice since I came here and may get another one soon. Am now in the insurance department. Have been so busy that I have not had time to locate any of the Paris people who are out here, but hope to get five days holiday soon, and will then try to find some of them. Have talked to Congressman Campbell Cantrill over the phone, but have not had a chance yet to call on him. I will attend a meeting of the Kentucky Club some time this month, and may meet some of the Paris people there. Give my best regards to all the boys in the office, and don't forget that paper. My address is Apartment 31, No. 1223 Twelfth Street, N. W., Washington, D. C."

## GIFTED READER AND IMPERSONATOR TO APPEAR HERE.

Superintendent Lee Kirkpatrick, of the Paris Public Schools, has completed arrangements for the appearance here on the evening of Thursday, February 20, of one of the most talented readers and impersonators on the platform to-day, Miss Virginia Slade, of Lexington. Miss Slade will give a program of readings and impersonations in character at the Paris High School Auditorium for the benefit of the school kindergarten. An admission of thirty-five cents for adults and twenty-five cents for children will be charged.

Col. George Bain says of Miss Slade: "Miss Virginia Slade is an honor to her profession and to the platform. She is natural and impressive. Her reading is genuine art and her personality is very attractive. She is of the kind that reaches the top."

Mr. Enoch Grehan, head of the Department of Journalism of the University of Kentucky and dramatic critic for the Lexington Herald, says: "To emphatic native talent Miss Slade, adds the appealing qualities of pleasing personality, frank, ingenious understanding of her subject, and a dramatic finish and force of great amplitude. Her happy outlook on life leads her instinctively toward humor, in which field of interpretation I believe she is destined to be eminent."

The Stanford Interior-Journal has the following to say of Miss Slade: "The recital given at the Opera House last evening by Miss Virginia Slade was a treat that people who live in the smaller towns do not frequently enjoy. Miss Slade is a very charming reader, and she was at her best last night. She is very easy and graceful on the stage and is ever and anon the mistress of the situation, it matters not how difficult her role. Already an artist of rare ability and still a hard student, great things are in store for the young woman who made friends of all who heard her."

## PUBLIC SALE OF DESIRABLE CYPRESS STREET HOME.

One of the most attractive homes in the residential portion of the city of Paris is that of Mr. Wallace Clark, on Cypress street. The sale will be conducted by Harris & Speakes, with Col. Geo. D. Speakes as auctioneer. Here is an excellent opportunity to get a modern, commodious, well-arranged home.

## RESOLUTIONS OF RESPECT

The following resolutions of respect, to the memory of the late Jno. T. Hinton, former Mayor of Paris, who died at his home in this city recently, were adopted by the Men's Bible Class of the Paris Christian church, of which Mr. Hinton had been a valued member for years: Resolutions On the Death of Brother John T. Hinton, Sr., Adopted by the Men's Bible Class of The Paris Christian Church, Sunday, February 9, 1919.

WHEREAS, Almighty God in His infinite wisdom has called from this earth to that land of peace and joy above, the spirit of our brother and co-worker in the Master's cause, Brother John T. Hinton, Sr., thus depriving us and his loved ones of his example of cheerfulness and brotherly love and of his never failing nor faltering faith in God, therefore be it resolved by the members of the Men's Bible Class of the Paris Christian Church:

1. That in his going we have lost one of the most loyal members of our Bible Class. One who was always in his place in the class room, unless prevented by sickness or other unavoidable occurrence. One who was ever ready with his labor, his counsel and his means to assist us in any of the efforts that we have made to serve our Master and our fellow man.

2. That his position and his influence for good among us was of such prominence that we as a class and as individuals have suffered so great a loss that at this time it is impossible to correctly estimate.

3. That words are inadequate to express our sympathy for his widow, his sons and other loved ones in this sad hour, when they have had to say farewell to one who was ever ready with his wise counsel in the problems of life, with his deep sympathy in the time of trial and his practical application of the great principles of Christian faith and devotion.

4. That these resolutions be made a part of our class records and a copy sent to his widow and to each of his sons and local papers.

Respectfully submitted,  
P. J. McCORD,  
A. B. HANCOCK,  
J. W. BROWN,  
—Committee.

## MATRIMONIAL.

## BRANNOCK—STAMPER

—Miss Louise Brannock, daughter of Mr. and Mrs. W. E. Brannock, formerly of Paris, and now residing in Harrison county, was married in Lawrenceburg, Indiana, recently to Mr. Hiram Stamper, of that city.

The bride, who is only seventeen years old, has been a student at the Millersburg College. On account of the youthfulness of the couple there had been parental objections to the marriage. Last Sunday night when the two left in a machine ostensibly to attend church at Benson, in Harrison county, they continued to Cincinnati, thence to Lawrenceburg, where the marriage ceremony was performed.

tence of ten days on Robert Davis,  
colored. Davis, who claimed resi-

ing revolver in the negro's pocket.

**WHAT'S AN ORDINANCE?**

Never was the disregard of a city  
ordinance regarding the parking of  
autos on Main street so vividly il-  
lustrated than it was yesterday. The  
cars were standing on both sides of  
Main street, some of them having  
been there for hours. In one block  
yesterday afternoon THE NEWS  
counted fifteen cars standing unat-  
tended on the streets, while on other  
squares the ratio was a little bit  
higher. What's an ordinance for,  
anyway? What do they care about  
it?

ter of Prof. and Mrs. Lee Kirkpat-  
rick found a medium-sized safety  
pin, which, with childish innocence,  
she placed in her mouth and swal-  
lowed.

Luckily for the child the pin was  
clapped. The presence of the foreign  
substance in the child's stomach  
caused her considerable pain. Local  
efforts proved unequal to the task  
of ejecting the pin, and physicians  
were called. An X-ray photograph  
was taken, showing the exact loca-  
tion of the object. Another X-ray  
photograph was made yesterday  
morning, showing the pin to have  
slightly changed its position.

After a consultation with the pa-  
rents, the attending physician, Dr.  
W. C. Usery, decided to postpone the  
operation, for a time, in the hope  
that nature would find a way to re-  
lieve the child. The case was ex-  
plained by long distance phone to Dr.  
Louis Frank, of Louisville, who  
agreed with Dr. Usery as to a post-  
ponement.

**Meritone Brings Back Strength to Man Weakened by Influenza**

"I can't tell in words the way I feel about Meritone since it improved my health so much," said W. S. Dugger, of 2604 Clifton pike, Nashville, an engineer and steam fitter. "I had influenza, and when I got over it I felt weak all over. It seemed to effect my kidneys, too. I could notice that they were weakened."

**First Bottle Helped Him**

"I have just finished taking the first bottle of Meritone now, and it has helped my kidneys greatly and in building up my strength."

"I consider it my duty to recommend Meritone because of the good I know it has done me and I am willing to tell any body personally about what it has done for me."

Mr. Dugger got another bottle of Meritone and said he intended to continue with it until he was entirely relieved of the weakened condition the influenza left him in, because he knew after taking the first bottle, that Meritone was bringing back his strength.

Others who are weakened and run down after influenza or pneumonia are advised to take Meritone to bring back their strength. Meritone is also excellent to correct ailing conditions of the stomach, liver, kidneys or to combat catarrhal conditions or rheumatism of the stomach or sleeplessness or lack of appetite.

Meritone is sold exclusively in Paris by G. S. Varden & Son.

**TURN YOUR TIMEPIECES FORWARD NEXT MONTH!**

Clocks in Bourbon county will be moved one hour ahead on Sunday, March 30, daylight saving going into effect on that date. Word that this should be done has been sent out from Washington throughout the country. The movement started about a year ago when the government ordered the clocks set ahead one hour that more work could be accomplished during the daylight.

At the beginning of winter the clocks were ordered moved back and to again get the benefit of the lengthening days the clock will now be ordered advanced one hour on March 30, which falls on Sunday.

The man who is the architect of his own fortune shouldn't limit his plans and specifications to castles in the air.

**THINK OF THE MONEY YOU CAN SAVE ON SHOES**

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

**GETTING RID OF COLDS.**

The easiest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract another cold before you have recovered from the first one, and there is serious danger in this. A man of middle age or older should go to bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

## HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or 'the blues,' should accept Mrs. Rohrbach's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or 'the blues,' should accept Mrs. Rohrbach's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

## RAMPANT SUFFRAGISTS JAILED

WASHINGTON, D. C. Feb. 11.—Sixty-five members of the National Woman's party were arrested Sunday night by civil and military police after they had burned President Wilson in effigy in front of the White House as a protest against the threatened defeat of the equal suffrage resolution in the Senate Monday.

Several thousand persons watched the demonstration, but there was little disorder. When taken to police stations the women refused to furnish bond for their release and were placed in the House of Detention to await trial.

The effigy of the President was about three feet in height and was made of paper. It was carried from the party headquarters to the place of burning by Misses Sue White, of Nashville, Tenn., and Garriell Harris, of Columbia, S. C., who marched in the procession of nearly 100 women.

## Children Love

Cascarets---10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and bowels without griping. Cascarets contain upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

## Combs.

Combs have been used in the toilet since very ancient times. The Greeks, the Egyptian and the Roman ladies used them to arrange and hold up their hair; even ladies among the Swiss lake dwellers seem to have been familiar with them. Some of these were made of wood, some of bone, of horn or of ivory. Specimens have often been found in recent years.

## PLANS DEBATES FOR STATE HIGH SCHOOLS.

A series of debates among Kentucky High schools on the feasibility of the city manager plan of government in cities having populations of more than 5,000, with a silver trophy cup as the prize for the school winning the State championship and gold medals for members of the winning team, is being planned by Prof. E. C. Mable, Department of English, University of Kentucky. All accredited secondary schools whose courses do not extend beyond the standard four-year high school course are invited to take part in the debates, and the final one of the series will be held at the University at the time of the interscholastic athletic meet in May, 1919. All preliminary debates will be held by April 15.

The University library is preparing package libraries of books and pamphlets on the subject to be lent for periods of two weeks to schools requesting them. The Department of English will assist in arranging opponents and making plans for preliminary contests, and will match opponents for semi-final debates. The University will meet the expenses of the final debate except railroad fares, and will furnish accommodations for the teams. Boys and girls will be admitted to the contest on equal terms, and teams debating at home will uphold the negative of the proposition.

## AVOID THE FLU BY KEEPING LIVER ACTIVE

Doctors Find Calotabs, the New Nauseless Calomel, Best Laxative for Colds and Preventative for Influenza and Pneumonia

To cut short a cold or night, to stop a sore throat, and to put the system in the best possible condition to avoid influenza and pneumonia, doctors are advising the new nausealess calomel, called Calotabs, which are free from the sickening and salivating effects of the old style calomel. At the first sign of a cold or sore throat, it is best to take a Calotab at once, before the inflammation has gone too far. You may thus save yourself a spell of sickness.

One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with eating, work or pleasure. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Perhaps you can congratulate yourself that a "stitch in time" has saved you serious illness. Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calotabs and will cheerfully give back your money if you are not delighted. (adv)

## Interesting Discovery.

The Roman occupation of England was recalled by a discovery made a few days ago at Stalbridge, Dorset. Working in his garden, a man dug up a skeleton. Examining it he found it to be in a perfect state of preservation, the teeth being quite sound. In the mouth was a coin bearing the inscription of Caesar Augustus.

## DREADFUL COUGH CURED.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olson, Marysville, Mo., writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just one for children." (adv-Feb.)

## SUPT. CAYWOOD ANSWERS INQUIRIES FROM TEACHERS

The County Superintendent's office is receiving many inquiries from teachers concerning the examination in agriculture. Herewith find some general information on same.

Bulletins 54-56 will be sent me from the Agricultural Department of the State University. I gave Bulletin 54 to several teachers last Saturday and will give or send to the rest who request same. There will also be some sixty questions on these Bulletins.

The examination in Agriculture will consist of some ten questions, or in other words will be treated like any other subject in the curriculum. The questions will be sent me with the May, June and September examinations, and will be graded by the County Examining Board.

When a teacher takes the full examination he will be expected to pay only the usual \$1.00 fee, but, if his certificate has not expired and he is taking the examination in agriculture he will be expected to pay a 25c fee, this 25c to go to the County Board of Examiners. When a teacher is examined in the one subject, agriculture, I will enter this grade on my Record Book, and upon request of the teacher, I will write the same on said teacher's county certificate. Thus the grade in agriculture will expire at the same time as the certificate.

Teachers, rural, grade and high, teaching outside of cities of the first, second, third and fourth class, will be expected to take this examination.

Mr. Kirkpatrick means to have an agricultural class on Saturdays, conducted by a man from the State University, and offers all Bourbon county teachers and prospective teachers, the privilege of the opportunity without cost, so if you are not expecting to go to the Normal, you had better avail yourself of this opportunity.

J. B. CAYWOOD,  
Supt. of Schools.

## WHAT'S THE REASON?

Many Paris People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with headache and backache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1429 High street, Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and if I should need a kidney remedy again I would certainly take Doan's."

## TAX RETURN BLANKS SENT TO COLLECTORS

Several million tax return blanks for incomes of \$5,000 and less were distributed to Revenue Collectors recently by the Internal Revenue Bureau. These will be released by Collectors as soon as President Wilson signs the revenue bill, nearing completion in Congress. Corporation income and excess profits return forms and blank forms for individual incomes of more than \$5,000 now are being printed and will be in the hands of Collectors before March 1. The Revenue Bureau may make public the detailed provisions of the blanks even before they are distributed in order to give business concerns guidance for their accounting before the actual forms reach them.

## Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

## Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

## MILLERSBURG

Regular meeting of Amity Lodge No. 40, F. and A. M. Tuesday evening.

—Mr. William Baldwin, of the U. S. Army, will return to his duties at Fort Thomas to-day, after a ten-days furlough with his brother and sister, Mr. E. D. Baldwin and Mrs. E. H. Kerr.

**PUBLIC SALE.**—On Feb. 21, at 2 p. m., I will sell all my stock, farm implements, etc., to the highest bidder. Sale held on premises. Don't fail to attend. Don't forget date.

(7-td) EDGAR HURST.

**THE SICK.**—The condition of Mrs. M. E. Martin is critical, and her death is expected at any time. Mr. James Ellington, who is confined to his home with the "flu," is able to sit up a little. Mr. Thomas Jones continues about the same. Mrs. J. H. Collier and Mr. S. R. Butler are improving nicely. Messrs. C. T. McDaniel, D. B. Mason, Mrs. Pearl Hill, Misses Lula Thomas and Catherine Gillispie are among the new cases of "flu" in the community. Robert Bayless, the infant son of Mr. and Mrs. R. M. Caldwell, is quite ill with jaundice. Mrs. W. G. Dailey is not so well. Miss Adah Ritchie, Mrs. Dailey's nurse, is ill at the Dailey home.

—Mrs. H. D. Jones, aged 69, died at her home on Trigg avenue, Wednesday at six a. m., after a protracted illness. Mrs. Jones has been in failing health for the past several years, and a confirmed invalid for more than a year. She was formerly Miss Josephine Welch, and was one of a large family of children. She was born in Ireland in 1850. Her parents came to America when she was a little girl, locating in Lexington, Ky., where her early life was spent.

Since girlhood she has been a dressmaker, and was indeed an artist in her profession. She began this work while residing in Lexington. In 1885 she came to Millersburg, where she opened a dressmaker's establishment. It was here where she first met Mr. Jones, and their hearts were pierced by Cupid's arrows. In 1887 she went to Hot Springs, Ark., where she followed her profession for one year. Mr. Jones followed her and on August 23, 1887, they were united in marriage. He engaged in business in Hot Springs for a short time. In 1888 they went to Kansas City, Mo., where she continued her vocation as dressmaker. Mr. Jones following other pursuits. In 1902 they returned to Millersburg, where they have resided ever since.

Again Mrs. Jones took up her occupation as dressmaker, and has made more ladies beautiful and artistic in their handsome gowns and more brides happier than any dressmaker ever in business here, unless it be the late Mrs. A. W. Johnson. For the past three years she has been an invalid, being a great sufferer from rheumatism, though for two years during this time of suffering she followed her vocation. Even after she had given up her work she fit many gowns for her personal friends. Some months ago she was under special treatment in St. Joseph Hospital, Lexington, and when she returned home it was thought by many of her friends that her condition was improved. Tuesday at midnight she was stricken with paralysis, from which she never rallied, dying at six a. m.

Besides her husband she is survived by three sisters, Mrs. James Gleason and Miss Julia Welch, of Lexington, Ky., and Miss Mary Welch of Chicago. She has a large number of nieces and nephews, three nephews now doing army service in France. She was a lifelong member of the Roman Catholic church, and consistent in every respect to her church vows. She was a woman whom to know was to love, and has a large circle of friends and relatives throughout Central Kentucky. The funeral services were conducted Thursday at 10 a. m. from her late residence. Owing to the illness of Father DeBruyn, of Paris, the services were conducted by a Lexington clergyman of the Catholic church. Interment in Millersburg Cemetery. Quite a number of relatives were present from Paris, Lexington and other Kentucky cities.
